For full details on Extended Warranty and Purchase Protection coverage, including limitations and exclusions, please refer to the insurance certificate you received with

your card.

Safeguarding the use of your PIN, card and account

You must keep your account secure. You must take reasonable care to safeguard your card, PIN, account information and cheques against loss, theft or misuse.

To safeguard your PIN:

- you must not voluntarily disclose your PIN
- you must keep your PIN confidential and separate from your card
- you must not write your PIN on your card
- you must not choose a PIN selected from your name, date of birth, telephone numbers, address or social insurance number.

If you do not properly safeguard your PIN you may be liable for unauthorized transactions on your account.

When inputting your PIN into an ATM or point-of-sale terminal, telephone or computer in public areas, please take reasonable precautions, such as ensuring that no one is watching you by using your body or hand as a shield in order to conceal your PIN from the view of others.

We encourage you to be cautious of websites, online services, callers or other parties that pretend to be Bank of Montreal (or a subsidiary) that ask for this information or purport to bring together, summarize, aggregate or consolidate your financial data and other information that is currently available to you online.

You must notify us by telephone immediately if you learn of the loss, theft or misuse of your card or cheques, or if you know or suspect that

someone else knows your PIN.

Zero Liability Protection³ for lost or stolen cards

With Zero Liability Protection, if someone uses your card without your authorization, you are not liable if:

- you did not contribute to the unauthorized use
- you used reasonable care to safeguard your card and Personal Identification Number (PIN), and
- you notified us immediately after you learned of the loss, theft or misuse of your card or cheques, or after you learned or suspected that someone else knows your PIN.

If you don't meet these criteria, you will be liable for all charges incurred in connection with the unauthorized use.
